DETAILED ACTION

This communication is in response to amendment received on 12/22/05.

Claims 1 – 26 have been canceled by the applicant and new claims 27-49 have been added by the applicant.

Allowable Subject Matter

Claims 27 – 49 are allowed.

The following is an examiner's statement of reasons for allowance: As to claims 27 – 49, the prior art fails to show an apparatus and method for determining a resistivity property of an earth formation wherein the first antenna and the core material define a plurality of small antenna loops having axes substantially parallel to an axis of the first coil antenna. These features taken together with the other limitations of the claim renders the claims allowable over prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Reena Aurora whose telephone number is 571-272-2263. The examiner can normally be reached on Monday - Friday, 7:00 - 3:30.
